WHAT OUR AUDIENCE SAYS

For Board Gamers Anonymous:

Love this 'cast ★★★★★

by Chase Robinson – Mar 28, 2016

I was looking for a podcast about board gaming that was fun and interesting, and especially where the hosts share some of my views and interests. I think this was the fourth or fifth one I tried and after a single episode I knew I found a winner. I listen to current episodes while also burning through the backlog, as much of the info is still relevant. The current members of this 'cast are knowledgeable, fun, and interesting.

Very enjoyable podcast, with a nice consistent format from week to week. Enjoy hearing the different viewpoints and voices. They talk as much about gaming as they do about games. I noticed the episodes are starting to get longer than their usual 60 minutes. Well, as long as they continue to have good content, I won't mind.

Excellent show ★★★★★

by Trustedhorse – Feb 18, 2017

I just listened to the two episodes featuring an interview with Ignacy Trzewiczek (First Martians, Robinson Crusoe). The best interview I have heard in a long time. I have been listening to the podcast since it started, and while I don't agree with every opinion (mostly differences in likes/style between me and the show's hosts), the games are interesting and relevant. And it's about SOLO games! I have liked or loved every episode so far. I highly recommend the thanksgiving episode, very relevant to our current times.
